

Adjustable Cargo Bar

Part No.	Material	Weight(KG)	Surface treatment
021031	Steel	6.32	Zinc plated

Adjustable Heavy Duty Cargo Bar stops cargo from shifting in trucks, vans and SUVs. Rubber end pads hold securely without scratching vehicle.

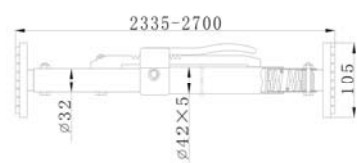

Adjustable Cargo Bar

Part No.	Material	Weight(KG)	Surface treatment
021032	ALU	3.664	Oxide coating

Adjusts from 90.16" to 103.54" and fits most full and mid-size pickup trucks (Please measure your application before ordering to ensure correct size).

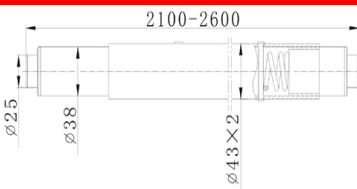

Adjustable Cargo Bar

Part No.	Material	Weight(KG)	Surface treatment
021033	ALU	5.442	Oxide coating

Ratcheting lever puts maximum tension on the rubber pads to keep even heavy loads from shifting.

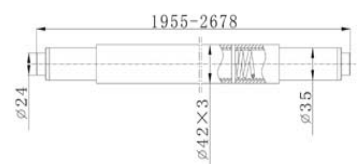

Adjustable Cargo Bar

Part No.	Type	Weight(KG)	Surface treatment
0211311	φ 40x2.5	6.092	Zinc plated
0211311-In	φ 40x2.5	6	Polished

Material: Steel&Stainless steel

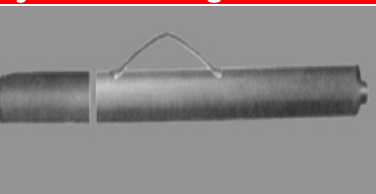

Adjustable Cargo Bar

Part No.	Type	Weight(KG)	Surface treatment
0211312	φ 42x3	8.15	Zinc plated

Material: Steel

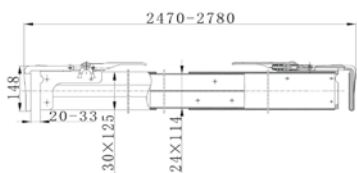

Adjustable Cargo Bar

Part No.	Type	Weight(KG)	Surface treatment
0211313	φ 42x3	5.789	Zinc plated

Material: Steel

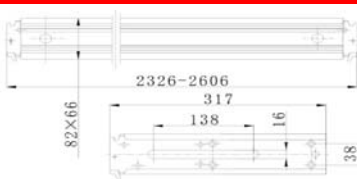

Adjustable Cargo Bar

Part No.	Type	Weight(KG)	Surface treatment
021410	30x125	10.3	Zinc plated&Oxide

Material: Steel & Stainless steel

Adjustable Cargo Bar

Part No.	Type	Weight(KG)	Surface treatment
021420	82X66	9.2	Zinc plated&Oxide

Material: Steel & Aluminium alloy
